11/3/67

Dear Steve,

Many thanks for your kind note of 10/30. Maggie had told me of your success with "Tempo II". If they express any interest in any special part of the book and I have documents appropriate to it, if I know and can keep from forgetting when I get wound up, I will be glad to reserve that for them..

You went to a lot of trouble, and I do appreciate it. Glad you agree that a later date will be better for the speech. If you can get a commitment, I can then plan around that. Remember, the Shaw trial is scheduled for mid-February.

John Christian knows some newsmen in LA. He and Hal phoned from Frisco last night. He has also asked them to help.

There has been a slight change in my schedule. The program in Dallas ends this coming Tuesday. The man who ran it got a considerable promotion. I will not be going to Dallas but will probably backtrack to Salt Lake City. Also, I'll be doing the Pyne show 11/20, p.m. I wish I could believe that the show will be like the producer who has been in touch with me. I presume I'll leave LA the next a.m. but will not be able tomdecide until after I hear from Salt Lake City.

On the UCLA speech possibility: Early February also might not be a bad time. That will be closer to the date of the trial.

Again, my thanks. Looking forward to seeing you all again.

Sincerely,
